

2026/27 Pricing Guide

This document outlines each of our supports, the NDIS line items that can be used for those supports, as well as the rates we charge in providing those supports. For each support and time of the week, you will find an NDIS line item in bold. This line item is the one we will use when invoicing for each of our services, unless otherwise notified by the guest or their parent/carer. If there are any other NDIS line item options that can be used for that same support, they have also been listed. If any of our supports have other applicable costs, such as out of pocket or transport costs, these are also outlined.

At the beginning of each financial year, on or around July 1, we will review our NDIS prices.

We understand that price changes can have real life effects on our incredible Stellar community. We aim to be as transparent as possible when it comes to our pricing, which will enable our community to feel well-informed, and be able to budget their NDIS funds appropriately throughout the year, without any hidden or unexpected costs!

Each of our prices are developed within the NDIS pricing tools. Please note, each of our supports have a 14-day payment period.

As Stellar Experiences is currently not an NDIS registered provider, NDIS funding can only be utilised for participants whose plans are plan-managed or self-managed. We are currently working towards NDIS registration.

If you have any questions at all about our supports or the information in this document then please let us know!

If a guest would like to travel, or requires to be transported to areas outside of the local area then additional transport fees may apply. There is no limit as such to the activities that can be carried out, and again will be done in consultation with each guest and their family.

Any activities that incur a cost will need to be covered by the guest. This may include such costs as court hire, equipment hire, entry fees etc. Many activities accept Companion Cards, which would allow support staff to gain entry or participate free of charge, so if you hold one of these cards please let us know.

CANCELLATION POLICY

Stellar Experiences must be notified of any intention to cancel in writing.

Stellar Experiences may charge for any short notice cancellations, subject to the terms of the NDIS price guide.

A short notice cancellation is determined when:

- a guest provides less than two (2) full business days' notice of cancellation
- a guest does not show up for a scheduled support within a reasonable time, or is not present at the agreed meeting point and within a reasonable time when the support staff is travelling to deliver the support

When Stellar Experiences receives a Short Notice Cancellation (or no show), we will recover up to 100% of the agreed fee associated with the support.

Stellar Experiences will only charge for a Short Notice Cancellation (or no show) if we have not found alternate billable work for the relevant support staff and are required to pay the support staff for the time that would have been spent providing the support.

In the event of a no-show Stellar Experiences will attempt to contact the guest or their parent/carer to ensure their safety and well-being.

Charges may be waived if the guest has experienced a catastrophe, e.g. death in the family. The decision to waive the charge will be made by the Director/s of Stellar Experiences. The discretion not to charge DOES NOT apply in any other circumstances and CANNOT be exercised by other levels of staff. If Stellar Experiences cancels the scheduled experience or staff fail to show, then there is no charge to the guest.

OUT OF POCKET

Majority of our single day social outing experiences incur an additional out of pocket cost. This amount covers the cost of any activity fees that are provided.

You will find the details surrounding the out of pocket cost for each individual experience on the website, where these experiences can be booked directly.

Our midweek capacity building programs each incur an additional out of pocket cost. This covers the cost of any program fees, facilitators or transport that is provided during the program.

All of this information will be communicated with you by your area manager before the commencement of any program.

This out of pocket component of the cost for reach of our midweek capacity building programs is billed in full at the beginning of each program block. If a guest is to miss any given week within that block, there is no reimbursement for that week's cost.

TRANSPORT FEES

Transport fees will be charged on each experience and are claimed against each guest's plan on a per km basis. The cost for activity-related transport will depend on the ratio of support being provided. The line item used will also be in alignment with the support and funding category that has been claimed against for that particular support. For example, support provided against support and funding categories 04 - Core Supports, will access the 04 – Activity-based transport line item.

The line items and transport fees for each support ratio are below:

Transport provided at a 1:4 support ratio	04_591_0136_6_1	Core Supports	1:4 – 25.5 cents/km
